Poverty Solutions Volunteer Form

Please submit this form twice – once for each semester you would like to count your volunteering towards the programmatic requirements of the certificate.

Volunteer hours are structured to support student engagement with issues related to poverty prevention and alleviation outside of the classroom. Students can complete requirements through various avenues including volunteer hours at community or student organizations that work on issues related to low-income individuals and groups, socioeconomic equity, or other topics that would enrich your CASC -Poverty Solutions experience. Volunteer hours for groups that you were working with prior to declaring the certificate are permissible.

If you would like to count service with an on-campus organization, please ask the president (if not you) or appropriate officer to be the signatory.

Semester:

Name of Organization:

Name of Point of Contact:

Date of Volunteering:

Did you complete all 4 hours at this site? Y/N

Signature of Point of Contact: ______________________________

Brief Description of Project(s) worked on:
